Renewal of License to Transport Hazardous Waste, Including Mixed Wastes Instructions and Supporting Materials

Bureau of Waste Prevention Guidance

Thank you for your interest in applying for a Massachusetts Hazardous Waste Transporter License Renewal. In August 2000, the Department streamlined its Hazardous Waste Transporter Licensing Program. The Department's permitting and compliance fee regulations (310 CMR 4.00, titled "Timely Action Schedule and Fee Provisions") now specify the following processing timelines:

- Within 60 days of receipt of the permit application and payment of the fee, the Department will complete a technical review of the application.
- If deficiencies are found in the application, the applicant has 60 days to correct them.
- Within 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, DEP shall complete a supplemental technical review.
- Within 30 days of the close of the period for public comment, if any, the Department shall complete a public comment review.

If the Department fails to make a determination on your application within the timeline outlined above, DEP will refund your application fee and will continue with the review. As before, the application fee for a renewal of a license to transport hazardous waste is \$1,935.

Please be aware that the Department now requires renewal license applicants to take some additional actions. If you have a Massachusetts office address(es) where transportation related activities take place and license records are maintained, you must:

- **Send a copy of the application to the local board of health;** The local Board of Health must be in the Massachusetts town/city of the applicant's office address, i.e., the location where transportation related activities take place and license records are maintained. Attach the enclosed Board of Health cover letter when sending a copy of your application to the local Board of Health;
- **Send to the Department written documentation of the board of health's receipt of the application copy** (e.g. a copy of a certified mail receipt);
- **Submit *public notice* for publication in a newspaper with circulation in the town of the applicant's business office;** The notice should be published no later than 15 days after you send the application to the Department. The notice will announce a 45-day public comment period commencing on the date of newspaper publication. ***Use the public notice format that is attached in this application package;*** and,
- **Send a copy of the published newspaper notice to the department and to the local board of health** no later than 21 days after you send the application to the Department.

Renewal applicants are required to submit **only one complete application original** to the Department. Firms submitting incomplete applications will be notified of deficiencies and required to provide the requested information. Failure to respond adequately and in a timely manner will result in renewal application denial and license revocation.

If a licensee allows its transporter license to expire without submitting a renewal application, the Department will not grant an extension for the existing transporter license; it will expire. Firms not intending to renew should notify the DEP/BWP Business Compliance Division as soon as possible.

Obtaining Vehicle Identification Devices (VIDs)

Your company must have a Vehicle Identification Device valid for the current year, for each vehicle transporting hazardous waste in Massachusetts. In accordance with Massachusetts General Laws, Chapter 21C, Sections 5 and 7 and the Massachusetts Hazardous Waste Regulations 310 CMR 30.414, a licensed hazardous waste transporter shall not transport hazardous waste in Massachusetts without a valid VID issued to the vehicle.

To obtain your VID cards as a new licensee, follow the instructions below so that the Department can efficiently process your order. The VID Form (see Permit Application Forms, Item #9; pp. 16-17) should be used when ordering VIDs. Complete the form providing the license information on the upper right corner and all the vehicle information as required on the rest of the form. **All information must be clear and legible.** Submit this form with your license application. Please be advised that the Department currently does not charge a fee for VIDs. NOTE: For a tractor-trailer combination, a VID is needed only for the tractor or the trailer, whichever you choose.

Upon receiving your license, you will receive, enclosed with the VID cards, “calendar year” stickers (effective through December 31st of the year in which you obtain your license) and which must be affixed to the cards.

After you have received your license, you may apply for VID cards for additional vehicles at any time. **(Be sure to make additional copies of the instructions and the blank VID Form for your future use, for example, when ordering additional VID cards.)**

- To Request Additional VIDs by Mail:

Send all mail-in requests to:

Department of Environmental Protection
Bureau of Waste Prevention, Business Compliance Division
One Winter Street – 9th Floor
Boston, MA 02108
Attn: Paula Forrester

- To Request Additional VIDs at the Boston Office:

The Department receives walk-in requests at the Department’s Boston Office on the 2nd floor. Bring completed copies of the enclosed VID FORMS to submit for processing; the Department will then issue the appropriate VID cards. **Please call ahead so that we can expedite your request.** Call Paula Forrester at (617) 292-5822 or fax information to (617) 292-5778.

VIDs are updated annually. In the 2nd through 5th years of your hazardous waste transporter’s license, the Department will issue VID stickers with a new expiration date to be affixed to your VID cards. As a licensee, you will be notified near the end of each year to submit to the Department an appropriate order form for VID stickers valid for the following year.

If you have any questions, please contact Paula Forrester of the Business Compliance Division at (617) 292-5822.

- ☐ This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident

Whenever required by the Federal Highway Administration (FHWA) or the Interstate Commerce Commission (ICC), the company agrees to furnish the FHWA or the ICC a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FHWA or the ICC, to verify that the policy is in force as of a particular date. The telephone number to call is:

(_____) _____

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days of notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the ICC's jurisdiction, by providing thirty (30) days notice to the ICC (said 30 days notice to commence from the date the notice is received by the ICC at its office in Washington, D.C.).

DEFINITIONS AS USED IN THIS ENDORSEMENT

ACCIDENT includes continuous or repeated exposure to conditions, which results in bodily injury, property damage, or environmental damage, which the insured neither expected nor intended.

MOTOR VEHICLE means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

BODILY INJURY means injury to the body, sickness, or disease to any person, including death resulting from any of these.

ENVIRONMENTAL RESTORATION means restitution for the loss,

damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

PROPERTY DAMAGE means damage to or loss of use of tangible property.

PUBLIC LIABILITY means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Highway Administration (FHWA) and the Interstate Commerce Commission (ICC).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgement recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or

any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgement, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgement recovered against the insured as provided herein, the judgement creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately, to each accident, and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgements resulting from any other accident.

The Motor carrier Act of 1980 requires limits of financial responsibility according to type of carriage and commodity transported by the motor carrier. It is the MOTOR CARRIER'S obligation to obtain the required limits of financial responsibility.

THE SCHEDULE OF LIMITS SHOWN ON THE REVERSE SIDE DOES NOT PROVIDE COVERAGE.

The limits shown in the schedule are for information purposes only.
